IN RE: Application of Fripp Island Sewer System,	)	ORDER
Inc. for Approval of an Increase in Sewer	)	GRANTING
Rates and Charges.	)	STAFF
	)	REQUEST

This matter comes before the Public Service Commission of South Carolina (the Commission) on the request of the Commission Staff for this Commission to issue an Order requiring Fripp Island Sewer System, Inc. (the Company) to update the test year submitted with its Application to the twelve months ending December 31, 1993. Staff requests that Fripp Island Sewer System, Inc. be required to file this information on or before February 15, 1994.

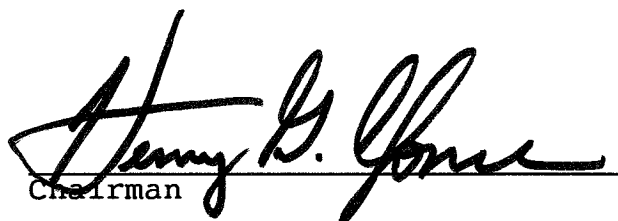

On or about January 17, 1994, Fripp Island Sewer System, Inc. submitted an Application for approval of a new schedule of rates and charges for sewer service provided to residential customers on Harbor Island and Fripp Island, Beaufort County, South Carolina. The test year proposed to be used by the Company was a twelve month period ending December 31, 1992. Upon examination by the Commission Staff, the Staff determined that a more current test year should be submitted which would reflect current income and expenses.

The Commission has examined this matter and agrees with the

Staff that a more current test year would be appropriate in the present case. Therefore, the Commission grants the request that the test year in this case be updated to the twelve month period ending December 31, 1993. The Company should file the information with the Commission on or before February 15, 1994.

IT IS SO ORDERED.
